HISTORY

• US Constitution

Govt of the US.pdf
HISTORY

• Dockery Act of 1894
  • Establishes an Office of the Comptroller within the Department of Treasury

• Budget and Accounting Act of 1921
  • Bureau of Budget within the Department of Treasury
  • General Accounting Office within the legislative branch

• Government auditing history plagued with corruption and inefficiency

• Lack of uniform accounting and inadequate financial reporting
HISTORY

• 70’s, 80’s and 90’s
  • Increased interest in governmental activities and laws passed to address inadequacies in governmental auditing

• Result
  • “Federal audits must satisfy several constituencies: legislative overseers, federal regulatory agencies, the rules of other federal departments, and a host of accounting and auditing standard developers.”
  • “The practice of federal auditing must conform to a blend of laws, regulations, rules, customs, and practices, enunciated by a patchwork of congressional committees, governmental agencies, offices, and boards and by nongovernmental groups.”
Standard Setters
STANDARD SETTERS

• AICPA
  • Prescribes GAAS
  • Underlying foundation for Gov’t Auditing Standards since 1972
    http://www.aicpa.org/RESEARCH/STANDARDS/Pages/default.aspx

• GAO (Gov’t Accountability Office)
  • Primary responsibility - investigate the receipt, disbursement, and application of public funds
  • Reports to congress annually on its work and recommendations for needed legislation
  • Issues “yellow book”
    http://www.gao.gov/yellowbook
STANDARD SETTERS

• GAO (continued)
  • Also publishes FAM (Financial Audit Manual)
  • Contains 3 volumes from Planning through Reporting and includes checklists
  • Think of it as the Bible to conducting a Federal audit
    http://www.gao.gov/special.pubs/gaopcie/

• FASAB (Federal Accounting Standards Advisory Board)
  • Body that promulgates GAAP for federal reporting entities
    http://www.fasab.gov/codifica.html
STANDARD SETTERS

• OMB (Office of Management and Budget)
  • Typically issued when the nature of the subject requires a single action by federal departments and agencies or when a subject is of continuing effect until rescinded or superceded.
  • A-133 Audits of States, Local Governments, and Non-profit Organizations (recipients of federal assistance)
  • A-110 covers administrative requirements for grants and other agreements with higher ed., hospitals, and other non-profits
  • A-123 management’s responsibility for internal controls
  • A-134 Financial Accounting Principles and Standards
  • A-136 Financial Reporting Requirements
  • These became UGG – UNIFORM GRANT GUIDANCE

http://www.whitehouse.gov/omb/circulars_default
STANDARD SETTERS

• Offices of Federal Inspectors General (OIG)
  • Major function is to conduct intra-agency and intra-entity audit, inspection, and investigation. Including addressing issues of fraud, waste, and abuse.
  • Issues public audit and inspection reports.
  • Use for planning purposes as OIG reports may identified issues to be aware of.

http://oig.hhs.gov/reports.asp
Laws
• Anti-deficiency Act
  • Cannot spend more than Congress provides
  • Congress appropriates money which is then apportioned (approved) by OMB.

• Federal Credit Reform Act of 1990
  • Covers loans and loan guarantee programs including farmers’ home loans, veterans’ mortgage loans, and student loans
  • Requirement to account for loan costs at full cost (the true cost that the program is likely to incur) – projected default costs, interest subsidy costs, and recognition of the current market rate of interest at time of loaning.
  • Typically only a cash disb. for the loan amount was recorded
• Federal Managers’ Financial Integrity Act of 1982 (FMFIA)
  • Requires a system of accounting and administrative controls be established and report the results of an annual evaluation to the President and Congress on its adequacy.

• Chief Financial Officers Act of 1990 (CFO Act)
  • Primary objective is the improvement in each agency’s systems of accounting, financial management, and internal controls to ensure issuance of reliable financial information to detect fraud, waste, and abuse of government resources.
  • Requires that persons appointed to senior federal financial management positions be competent
• CFO Act (continued)
  • Establishes a series of performance metrics to track performance in certain areas such as prompt payment
  • Appoints CFO’s to departments and agencies and establishes their responsibilities
  • Requires annual independent audits of agency financial statements

• Federal Financial Management Improvement Act of 1996 (FFMIA)
  • Required implementation of the federal standard general ledger system at the transaction level
  • Required compliance with applicable federal accounting standards
• Single Audit Act of 1984 (amended 1996)
  • Recipients of federal assistance of $500,000 or more need to undergo only one audit, each year, by one auditor
  • Federal assistance includes cost-reimbursement contracts, grants, loans, cooperative agreements, interest subsidies, insurance, and food commodities
  • Aimed at reducing costs related to duplicative and uncoordinated federal audits and reviews
  • Requires working papers to be made available to a federal agency or the Comptroller General which in turn equated to the requirement that auditors maintain those working papers for at least 3 years after issuance
What laws do we test?

- FAM 245 specifically states “To design relevant compliance-related audit procedures, the auditors should identify the significant provisions of law and regulations. These provisions are those (1) for which compliance can be objectively determined and (2) that have a direct and material effect on the determination of financial statement amounts”.
- The FAM lists some laws that OMB has deemed possibly significant and the client should provide its own list
- Beyond the OMB list in the FAM and the clients list the auditor is to identify any other laws or regulations that have a direct and material effect

REQUIRED WRITTEN POLICIES/PROCEDURES

- Allowability procedures 200.413 & 200.414
- Cash management procedures 200.305
- Procurement procedures 200.318 – 200.323
  - Gratuity 200.113
  - Conflict Interest 200.112
- Procedures for managing equipment 200.313 (d)
- Travel policies (including relocation costs) 200.474 and 200.464
- Written compensation and leave policies 200.430
ALLOWABILITY

• Generally, a cost is allowable if its Necessary, Reasonable, Allocable, and Documented

• Written PROCEDURE for allowable Federal award costs should:
  ▪ Serve as a roadmap that indicates the expenditure process from the start (grant budget to the end (receipt of federal reimbursement).
  ▪ Indicate which employees are responsible for preparing the budget, approving and expending funds, reporting payments, and submitting final expenditure reports.
  ▪ Be a training tool and guide for all employees.
CASH MANAGEMENT

• Payment requests must be on a reimbursement basis or that will have been expended upon receipt (eliminates 3 day allowance to expend funds).

• Retained threshold increased from $100 to $500 and applied to all grants (not on an individual grant basis).

• May request more than one payment per month, but most notify program, contact of intent to request multiple payments.

• Written PROCEDURE for cash management and payments should explain the process used to request reimbursement of Federal funds.
Standards apply to the purchase of supplies, equipment, and other services.

Written PROCEDURE for procurement should:
- Reflect applicable Federal State, and local laws and regulations
- Cover conflict of interest (Must maintain written standard of conduct, including conflict of interest POLICY)
- Cover gratuity
- Provide disciplinary actions for violations of such standards
For all other entities except states, the NDAA of 2018 increases the simplified acquisition threshold to $250,000 and the micro-purchase threshold to $10,000 for all auditees. The NDAA of 2018 was to update the definitions in the Federal Acquisition Regulations (FAR) at 48 CFR Part 2.1.

The 2018 OMB Compliance Supplement made clear that entities were not to implement the higher thresholds until the FAR definitions were updated and became effective. M-18-18 changed this and allows for early adoption.

By issuing M-18-18, the OMB is requiring all federal agencies to adopt exceptions to the FAR definitions, making the increases in both the micro-purchase and simplified acquisition thresholds effective as of the date of M-18-18, June 20, 2018.
METHODS OF PROCUREMENT

• All procurement transactions must be conducted in a manner providing full and open competition
• Real or perceived unfair advantages must be avoided
• Results in best value (not always lowest price)
CANNOT RESTRICT COMPETITION

- Placing unreasonable requirements on vendors to quality
- Unnecessary experience requirements
- Excessive bonding
- Specifying only a brand name instead of allowing an equal product to be offered
Procurement “Claw” (Section 200.320)

1. Micro Purchases
   - Up to $10,000
   - No quotations
   - Equitable distributions

2. Small Purchases
   - Up to $250k
   - Rate quotations
   - No cost or price analysis

3. Sealed Bids
   - > $250k
   - Construction projects
   - Price is a major factor

4. Competitive Proposals
   - > $250k
   - Fixed price or cost reimbursement
   - RFP with evaluation methods

5. Sole Source
   - > $250k
   - Unique
   - Public emergency
   - Authorized by agency (or PTE)
   - No competition
CONFLICT OF INTEREST

- A conflict of interest arises when any of the following has a financial or other interest in the firm selected for award:
  - Employee, officer or agent;
  - Any member of that person’s immediate family;
  - That person’s partner; or
  - An organization which employs, or is about to employ, any of the above or has a financial interest in the firm selected for award.
GRATUITY

- Must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors/subcontractors.
- However, may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value.
- Standards of conduct must include disciplinary actions applies for violations.
PROPERTY MANAGEMENT

• Supplies/Computing Devices 200.314

TRAVEL

• Written POLICY for travel reimbursements should:
  • Explain the requirements of travel status
  • Indicate method for reimbursement (per diem, actual mileage, combinations, etc). The method used must be applied to entire trip and not selected days.

• Must retain documentation that indicates:
  ▪ Participation of the individual is necessary to the Federal award
  ▪ The costs are reasonable and consistent with established travel policy
Most Significant Changes

➢ Time and effort requirements

➢ “Specific conditions” option

➢ Subrecipient monitoring requirements

➢ Monitoring findings and resolution requirements
Time and Effort Requirements

➢ Certifications

➢ Substitute system
Specific Conditions

➢ “High-risk” grantee designation

➢ Review of each subrecipient’s risk level
Subrecipient Monitoring Requirements

- Scope of monitoring determined by each subrecipient’s risk
- Possible monitoring activities
Monitoring Findings and Resolution Requirements

➢ Raising thresholds for:
  • Required single audit
  • Questioned costs
KEY SECTIONS OF UNIFORM GUIDANCE
Direct Costs
(Sec. 200.413)

- Salaries of administrative and clerical – charged as *indirect* costs

- Can be charged as *direct* costs only if:
  - Services integral to grant
  - Staff specifically identified with activity or project
